Marketing and Communications

The Office of Marketing & Communications supported SSU Athletics in coverage of the men's basketball team's advance in the NAIA National Championship tournament and celebration as the team returned home **NAIA National Champions**.

The team continues to focus on **Vaccination Promotion**. Marketing & Communications provided support and communications for a Mass Vaccination Drive-Thru Clinic held on campus and a student exclusive vaccine clinic. SSU is part of joint efforts in Scioto County to increase vaccination rates. As part of these efforts, Marketing & Communications launched a social media public service campaign with the men's basketball team encouraging fans to "take their shot." The spot is also running on the local radio station.

Marketing & Communications continues to support **recruitment for Fall 2021** with targeted email marketing, paid search strategies, social media advertising, and direct mail pieces tailored for those at different stages of the enrollment funnel.

The team is supporting academics with promotions of the **Distinguished Lecture Series, Celebration of Scholarship, and Festival of Faculty Achievement**. Communications for **Spring 21 Commencement** plans continue. Campaigns for the newly released **game design rankings, Choose Ohio First scholarships, and nursing degrees** are in production.

Messaging about a **full return to campus life this fall** continues. The team organized an appearance from the president on WSAZ's Studio 3, newspaper columns, social media promotions, and emails to current and prospective students.

Vern Riffe Center for the Arts

Wow, what a difference a month can make. The VRCFA calendar is feeling much more lively. We're starting slowly with some Admission events but have high hopes with multiple week-long events/rentals filling the calendar in June (pending University and Health Dept. approval). The end of this month the main theater will be the perfect setting for the Nurse's Pinning and Respiratory Therapy department's graduation ceremonies. These are smaller groups that will fall within the capacity guidelines. The Musical Theater Department will also have their culminating workshop of performances on April 28th. As graduation approaches, the box office will soon be working on issuing 3 tickets to all graduates. Tickets this year will be exclusively through email in an effort to cut down contact. We are prepared and excited to welcome everyone back to the theater.

Pre-Collegiate Programs and Initiatives

On March 26, Missy Marsh, Early Learning and School Readiness Consultant from the Ohio Department of Education's Region 15 State Support Team and Julie Short, Autism Center Consultant from OCALI met with the CLC teaching team, Ashley Hood, Cile Partlow, Abby Jenkins, Jordan Hileman, Sheila Bobst, and Nikki Montavon to guide staff through the process-planning framework to design comprehensive positive **behavioral interventions for young children with autism**. On April 21, Marsh will visit the Children's Learning Center to conduct classroom observations and provide technical assistance to enhance the teaching and learning process through the lens of universal design for learning.

As part of our work with the Ohio Department of Education's Comprehensive Literacy State Development subgrant, the literacy team has been implementing monthly family engagement experiences.

**Division of Advancement & Enrollment Management Report
to the Meeting of the Board of Trustees
April 30, 2021**

On April 1, Literacy Coach Nikki Montavon, announced the results of the **March Book-a-Day Family Reading Challenge**. Each classrooms' goal was based on the number of children enrolled. The winning classroom was Room 3, Ms. Cile's class, who was rewarded with an ice cream party. 798 books were read during the month of March.

During the first week of April, classroom teachers conducted **parent teacher conferences** through Zoom. Classroom teachers shared assessment data results with each family that covered all areas of development including language and literacy, social-emotional, cognition, approaches to learning, and physical health and well-being. Each family received an informational packet prepared by the literacy team including a book list, book of nursery rhymes, read-aloud tips, an Alphabet I-Spy game, and an alphabet chart to assist beginning writers with letter formation. We recognize that preparing college students for tomorrow, starts today.

Read-Aloud Tips:

- Allow your child a moment to settle down and adjust their bodies and minds to the story.
- Honor kids' choices of books.
- Set aside at least one consistent time each day for a story.
- With each read aloud, be sure to say the name of the book, the author, and the illustrator.
- Model left to right reading on each page for your child by using a finger sweeping motion for each sentence.
- Take books with you everywhere you go! You may have a few minutes to read a small passage of a book when there is downtime throughout your day.
- Lead by example. When your child see's you reading for pleasure during other parts of the day, they will gain the same enthusiasm in their own reading experiences.
- Don't read books that you don't enjoy yourself. They notice your change in tone during reading!
- If you chose a book that wasn't a great fit for your child, it's okay! Choose another book for next time.
- Be sure that you have enough time to do the book justice when you sit down to read. Try not to rush through the story.
- Answer children's questions patiently- questioning helps their comprehension. Try to point out unfamiliar vocabulary words and give a quick definition for each.
- Don't confuse quantity with quality. If you give your child full attention and enthusiasm for 10 minutes during a read-aloud, this will have a bigger impact on their minds than an hour of television viewing will.
- Lastly, don't use daily book readings as a threat ("If you don't clean up after yourself, no story tonight!"). Children should not have to earn the privilege of a read-aloud with their loved one.

During the **National Association for the Education of Young Children's Week of the Young Child**, the Children's Learning Center celebrated young children all week. On Music Monday, the children created harmonicas and made amazing musical melodies together. On Tasty Tuesday, the children enjoyed mouth-watering watermelon. On Work Together Wednesday, the children read "The Shoemaker and the Elves" and worked together to design new shoes for the shoemaker. The children will finish out the week with Artsy Thursday and Family Friday.

Amanda Hedrick, Hayley Venturino, Tiffany Hartman, and Kara Stump attended the **Common Impact Skills-Based Volunteerism Bootcamp** on April 8, 9, 13, and 14. The goal of the bootcamp was to identify a project based on a need that could be addressed by a skills-based volunteer. Non-profit organizations in attendance included COSI, National Veterans Memorial and Museum, Food Strong, ServeOhio, and more. This process kicked-off the nine-month long process to see the project to completion.

The **AmeriCorps Program Project BEAR** audit closing meeting was conducted on April 14. The audit revealed that all project goals and objectives were met, and all procedures were followed in accordance with the Corporation for National and Community Service (CNCS) rules and regulations. Project BEAR submitted an expanded grant renewal proposal for 2021-22 with a new community partner.

Literacy is the focus of Project BEAR. In the photo on the left, a child is completing a picture story/word story. In the photo on the right, a Project BEAR member reads a story to a group of preschoolers referencing the print as she reads.

Development Foundation

The **Senior Gift campaign** is underway and has already broken records for dollars raised and donors. Currently we stand at \$1,846 and 90 donors. The campaign will remain open until commencement on May 1.

Interim **audit fieldwork** is scheduled for the week of 5/17/21. Year-end audit fieldwork is scheduled for week of 8/23/21

The **Dayton duMeleau Math Emergency Fund** was established. The fund is meant to provide financial assistance to Math students that have exhausted all other financial resources to complete their academic coursework.

Kricker Innovation Hub & Entrepreneurship

The **Shawnee Entrepreneurship Club** is officially formed with **nine** members. The club elected its executive officers, held its first meeting, and developed a club constitution. With the support of the SSU Development Foundation, club members completed a **Gallup Builders 10 Profile** to better understand individual entrepreneurial strengths.

The Kricker Innovation Hub held an **Entrepreneurial Journey Speaker Series** event March 25th featuring four young, student, and/or alumni entrepreneurs. This event had 28 attendees. Many of the attendees for this event were students interested in learning more about the Shawnee Entrepreneurship Club.

**Division of Advancement & Enrollment Management Report
to the Meeting of the Board of Trustees
April 30, 2021**

The Economic Development Administration funded renovation of the Kricker Innovation Hub is ongoing. We have completed the **environmental abatement work**. The full scope of the renovation is expected to **begin in May**.

Shawnee State University and the Kricker Innovation Hub hosted the **Glockner Dare to Dream High School Business Pitch Competition** on March 2nd. This event featured 13 teams presenting their ideas and competing for cash prizes on a virtual event platform called AirMeet. Thanks to the involvement of local and regional sponsors, \$36,000 was given to these teams of high school participants. The winning team, Locked and Loaded Game Birds, took home \$6,450 for their idea of providing a safe, all-inclusive hunting experience to residents of the tri-state region.

The **LIGHTS-INC** grant initiative funded by the Appalachian Regional Commission has been extended by 9 months with the grant funded project expected to conclude **June 30th of 2022**.

Together with LIGHTS partner support, the Kricker Innovation Hub is planning to hold a **virtual Entrepreneurial Journey Bootcamp** in May to begin formalizing expanded entrepreneur support programming. This **six-week bootcamp** will meet once a week and culminate in a pitch event. The winner of the event will receive a small cash prize and an opportunity to pitch in front of the Tri-State Angel Investment Group.

The **LIGHTS-INC recovery work group** meets bi-weekly to collaborate and track progress on our recovery initiatives. Utilizing key insights from the LIGHTS Recovery Advisory Team, we developed a **workplace survey** to help improve outcomes for employers and people in recovery. The survey was distributed by LIGHTS-INC members and over 25 partners throughout our entrepreneurship/workforce development/recovery ecosystem. Targeted outreach is still being conducted to supplement over 100 responses already received from regional employers representing 7+ industries in multiple counties across southeast Ohio, northern Kentucky, and West Virginia.

Auxiliary and Business Operations

Housing operations is working with a variety of stakeholders to create a summer housing initiative that will allow current residents to remain in campus housing during the summer at a reduced rate. The objective is to give this group of students the ability to stay in their current unit, or relocate to their fall 21 apartment (if applicable) and avoid the inconvenience of finding off campus accommodations. The expected outcome is increased retention.

Food Service is continuing meal service to those who have been quarantined due to COVID exposure. During March, National Reading Month, specific dishes were served based on food mentioned in books (i.e. chocolate frogs from Harry Potter). Also served traditional Irish cuisine for St. Patrick Day. March is also Women's History Month – celebrated by creating dishes based on recipes from influential women; Betty White, Kamala Harris, Malala Yousafzai, Maya Angelo, and Dolly Parton. Additional “themed” meals are planned for April. Finally, we are planning to celebrate our NAIA Champion men's basketball team by organizing a steak dinner for the players and coaches.

A deficiency in design exists when (a) a control necessary to meet the control objective is missing or (b) an existing control is not properly designed so that even if the control operates as designed, the control objective is not always met. Deficiencies may involve one or more of the five interrelated components of internal control.

 - A “material weakness” is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and correct on a timely basis.
- Fraud
 - The term “fraud” includes “misstatements” arising from fraudulent financial reporting and misstatements arising from misappropriation of assets.
 - “Misstatements” arising from “fraudulent financial reporting” are intentional misstatements, or omissions of amounts or disclosures in financial statements intended to deceive financial statement users.
