- Appointments/Resignations: Ms. Caroline “Grace” Hatfield was appointed to Admission Officer and Ms. Hetty Phillips resigned as Lead Teacher at the CLC. Three security officers whose positions changed to Police Officers include: Nicholas Broughton, Corey Fischer, and Tiffany Keller.

- Three faculty members and three administrators submitted notices of retirement (processed within the reporting period).
  - The retiring faculty members are: Dr. Janna Gallaher (Professor of Computer Engineering Technologies) effective June 1, 2012, Dr. Dan Moore (Professor of Business) effective May 1, 2012, and Mr. William “Bill” Penn (Associate Professor of Computer Aided Design and Drafting) effective June 1, 2012.

The University’s investment performance report revealed gains in January and early February offsetting the heavy losses experienced early in this fiscal year. With this positive adjustment, the portfolio has realized a 1.19% gain in the amount of $156,757 for the reporting period (July 1, 2011 – February 19, 2012).

The Capital Status Report included information on the following:

- The Smokeystack Building renovation is complete and was occupied by the Department of Safety January 20, 2012.

- The Fine Arts Boiler replacement project is now complete and operational.

- Efforts to determine the best utilization of space continues for the Administration Building renovation project. Capital funds were released for planning purposes.
• The Governor’s proposed capital budget will likely include an allocation of capital funds to begin the Founders Plaza Project in FY13 pending legislative approval.

The preliminary FY13 general fund revenue projections are based upon the assumptions of (1) flat enrollment over AY2011-12, and (2) increase of 3.5% increase in AY12-13 tuition and fees (undergraduate and graduate).

FY13 state funding is anticipated to increase by nearly 2.0% over FY12 budget. Revenue generated by tuition & fees is projected to increase by less than 1.0%. Revenue from other sources is expected to decline by 3.3%. The total projected FY13 general fund revenue budget is expected to increase by 1.20% over FY12 budget.

The FY13 Auxiliary & Agency revenue is projected to increase by just over 3% over the FY12 budget.

The FY11 Senate Bill 6 (SB6) ratio measures the fiscal health of higher education institutions in Ohio and is required by law. The composite score is derived from calculations that consider such factors as an institution’s net income, debt, and reserve status. The Ohio Board of Regents recently released the FY11 ratios for all Ohio public universities. SSU’s FY11 composite score increased from 3.70 for FY10 to 4.00 for FY11.

Discussion was held concerning the reporting of investment value changes throughout the fiscal year to the Board of Trustees. Revenue generated by all sources of interest income received will continue to be reported as Interest Income. The investment market value changes experienced throughout the fiscal year will be noted at the bottom of the report as information for EOU financial statement purposes.

**Education Session**

President Morris led a discussion with Committee members regarding strategies needed for a more effective approach in the adoption and revision of new and existing University policies. The discussion provided direction for a fundamentally different system designed to respond to the complex issues within the University setting.

Earlier in the meeting, the Committee engaged in a discussion about fees and charges that could be applied against a student’s account for operational and student-related reasons.

**President’s Report**

President Morris announced that, per the Board’s request, a Trustees’ Award for the Celebration of Scholarship has been created and funded. Chairman Mooney will present the award for the first time later this month.

President Morris reported that next week, discussions will begin with the Ohio Board of Regents staff and the Office of Budget Management about the Chancellor’s desire for a plan to “wean” Shawnee State University from the supplement.
President Morris also reported that Shawnee State University has received notification of its reaccreditation by the Higher Learning Commission and she shared a copy of the reaffirming letter with the Board, and for the minutes. She reported that this news will be coupled with the release in a few weeks of a “Tool Kit for Continuous Improvement” that makes accessible to campus units recently developed resources available through the Office of Institutional Effectiveness and provides a roadmap for units that want to enhance their current continuous improvement efforts.

Dr. Terrance MacTaggart has agreed to serve as the facilitator for the Board’s retreat on June 22-23, 2012. In the next few weeks, President Morris will speak with Dr. MacTaggart and AGB staff about the “charge” the Board gave him and to work out the details of his travel. She gave each Trustee a copy of his resume, a copy of which is included in the minutes.

President Morris introduced Mr. Bob Trusz, Assistant Vice President for Enrollment Management and Director of Admissions, who gave a presentation entitled “Recruiting Future Bears: Enrollment Management at Shawnee State University,” a copy of which is included in the minutes.

Mr. Lodwick questioned whether SSU monitors radon gas and carbon monoxide. Mr. Mooney reported that he had learned from President Morris that while Ohio Revised Code does not drive any practices or inspections related to radon and carbon monoxide levels except in residence
halls, Shawnee State does do occasional radon testing and is developing a schedule for regular testing at targets throughout campus. Carbon monoxide levels are monitored in residence halls and the Children's Learning Center or in any areas where someone sleeps and has plans to install monitors around the pool and other areas where there is routine combustion including the boiler rooms, labs that utilize natural gas and the President's Home which utilizes natural gas.

A Snapshot of SGA Activities at Shawnee State University

This has been an exciting semester for Student Government (SGA). Our membership has continued to grow, with 28 voting members. We are currently focusing on student life, student organizations, campus-wide concerns, and SGA growth.

Student Life:

- Working with facilities to place bike racks in various parts of campus.
- Continue to communicate with Rachel Steele, General Manager of SODEXO to address concerns with food services.
- Working on a system that will allow us to supply students with envelopes and stamps when needed at the visitor desk in the UC
- We will be hosting Evening of Honors, which is a ceremony that recognizes student academic success.

Student Organizations:

- SGA sponsored student organization trips this semester. Rotaract, Tau Kappa Epsilon, and the SSU College Republicans received additional funds to attend regional or national conferences.
- Planning a "Late-Night Club Fair" that will provide a place for organizations to show students what they do and how they do it.
- Simplifying our club application processes so that we encourage organization growth in the formation of new clubs.

Campus-Wide Concerns:

- Presented concerns regarding the finals schedule to Dr. Todt, Dr. Haas, Dr. Scheurer, & Dr. Kadel for their consideration.
- Reviewing safety and health concerns in the Athletic Center.
- Evaluating student public opinion in regards to smoking on campus.

SGA Growth:

- Moved the SGA election to an earlier date to better train next year's board.
- Four SGA representatives will be attending the Ohio Student Government Association Regional Conference on February 25th.

One of our large, ongoing projects was with our student activities website called Orgsync. Although we are continuing to advertise and promote it, we currently have over 850 people registered for an account and feel that the launch period is nearly complete. It has allowed for better communication between SGA and the student organizations, as well as the organizations with its members.

SGA is pleased with its accomplishments this year, and are looking forward to several more weeks of progress, as well as our final event Evening of Honors.

SSU Teaching and Learning Center (TLC)
Professional Development

History: Although the importance of faculty and staff development was recognized before Shawnee State joined AQIP, the Vital Focus survey and Conversation Day used to begin the AQIP process highlighted the need for a more structured approach to faculty, and personnel development. Active faculty learning communities associated with the Ohio Teaching Enhancement Program, interdepartmental development efforts, and an active University-Wide Personnel Development Committee, which had organized a successful workshop series lasting a full academic year, expressed the hope that a more structured approach to faculty and staff development could take place at Shawnee. In fact, several ad hoc committees were already working on development of a Teaching and Learning Center. In January 2006, AQIP project to develop a Teaching and Learning Center for faculty and staff to enhance student learning and to build on already established Learning Communities. Team of 15 members across campus community worked together to facilitate opening of the center in September 2006.

Mission: The mission of the Teaching and Learning Center is to provide an enriched learning environment for development of faculty and staff in order to promote excellence in teaching and institutional service.

Goals:
- Foster excellence in teaching and learning
- Provide resources and educational experiences on an ongoing basis to faculty and staff
- Stimulate research and scholarship about teaching and learning at SSU
- Align development and training needs explicitly with student learning and/or satisfaction
- Increase collaboration and collegiality among faculty and staff
- Provide leadership in the use of innovative technology as a resource for teaching and learning
- Assess the ongoing needs of faculty and staff, in terms of career enhancement as consistent with the Shawnee State University mission or strategic plan

Projects:
- TLC Newsletter – Fall 2011, Spring 2012
- Work with Online Distance Learning Director to plan, implement, and publicize professional development opportunities.
- Work with Human Resources and the Professional Development Committee to plan and publicize professional development opportunities.
- Faculty Publications/Presentations List on Webpage

RESOLUTION F07-12

RECORDS MANAGEMENT, RETENTION, AND DISPOSAL
POLICY 5.34

WHEREAS, Ohio Revised Code, Section 149.33, enacted in 1992, states that "the boards of trustees of state-supported institutions of higher education shall have full responsibility for establishing and administering records programs for their respective institutions" and further states that "the boards shall apply efficient and economical management methods to the creation, utilization, maintenance, retention, preservation, and disposition of the records of their respective institutions"; and

WHEREAS, the SSU Board of Trustees had previously adopted resolutions 38-93 and 54-94, which charged the President to make appropriate personnel assignments to develop and oversee a records management system and establish a "records commission"; and

WHEREAS, a manual was developed by the Inter-University Council in 1992 titled "Records Retention for Public Colleges and Universities in Ohio" and the SSU records commission and records manager have instituted processes to follow the manual to the extent practical; and

WHEREAS, the Inter-University Council manual has been updated and revised, and includes a model records retention schedule; and

WHEREAS, a Records Management Retention and Disposal Policy is proposed for Board approval, which addresses a records retention schedule and other records management issues, including the appointments of records custodians and a records committee, along with a records manager.

WHEREAS, the SSU Records Manager and the President recommend that a records retention schedule template be utilized to cover all areas of the University, and is proposed by the President for Board adoption.

WHEREAS, procedures established to enforce the new policy are provided for informational purposes;

THEREFORE, BE IT RESOLVED, that the Board of Trustees of Shawnee State University hereby approves the Shawnee State University Records Retention Template and Policy 5.34, Records Management, Retention, and Disposal, effective March 9, 2012.

(March 9, 2012)
1.0 PURPOSE

The purpose of this policy is to ensure compliance with the State of Ohio’s records management and retention statutes. In accordance with Ohio Revised Code Section 149.33, university and college boards of trustees “will have full responsibility for establishing and administering a records program for their respective institutions. The boards will apply efficient and economical management methods to the creation, utilization, maintenance, retention, preservation, and disposition of the records of their respective institutions.”

2.0 MAINTENANCE AND RETENTION OF UNIVERSITY RECORDS

2.1 Shawnee State University shall have a records system that covers all University departments and offices to ensure that all official records of the University, both public and exempt, are maintained and disposed in accordance with the University’s records retention schedule. The records system will adequately reflect the organization, functions, policies, decisions, procedures, operations and other activities of the University.

2.2 University records shall not be removed or destroyed, except in accordance with the University’s records retention schedule.

2.3 The term “University records” has the same meaning as the term “records” in O.R.C. 149.011, the Ohio Public Records Act.

3.0 UNIVERSITY RECORDS MANAGER, RECORDS CUSTODIANS, AND RECORDS COMMITTEE

3.1 The President will designate a Records Manager to be responsible for administration and primary oversight of the University records system and management program.

3.2 Each University department or office will have an employee who is designated to serve as its Records Custodian who will work under the direction of the Records Manager. The President or President’s designee will appoint the records custodians.
3.3 The President will appoint a standing Records Committee to work with the Records Manager and to oversee compliance of the University’s records management program. The Committee will include representation from the major functional areas of the University, as well as from key supporting areas, such as the University Information Services (UIS) and the University Library. As part of its compliance function, the Committee’s responsibilities will include review of the records retention schedule template and this policy, identifying methods to improve the records system and management program, and working with the Records Manager to ensure that all employees who handle University records are sufficiently aware of their obligations to properly manage and dispose of University records.

4.0 RECORDS MANUAL AND RECORDS RETENTION SCHEDULE

4.1 The University’s guideline for records management is the Inter-University Council of Ohio’s “Records Retention for Public Colleges and Universities in Ohio: A Manual” (IUC Manual), and any subsequent updates.

4.2 The IUC Manual will be used as the basis for establishing legal retention periods and developing a standardized schedule. Under the direction of the University Records Manager, the records custodians, will determine appropriate record series and retention periods and will develop schedules for each University department.

4.3 Attention will be given to records medium, including electronic records, as well as historic value or significance.

4.4 The University will utilize a records retention schedule template approved by the Board of Trustees.

5.0 PROCEDURES

The President will be responsible for establishing procedures to further implement this policy.

1.0 INTRODUCTION

This procedure applies to Records Management, Retention, and Disposal Policy 5.34. In accordance with this policy, the records management process will be guided by the manual titled “Records Retention for Public Colleges and Universities in Ohio” (IUC Manual), published by the Inter-University Council, which may be periodically updated, and will be made available on the University’s website.

1.1 All University staff who participate in creating, receiving, or maintaining University documents are required to follow the records management policy and procedure.

1.2 The Records Manager, in consultation with the Records Committee, is responsible for administration and primary oversight of the University records management system.

1.3 Under the direction of the Records Manager, the Records Custodian for each University department serves as the designated employee responsible for the inventory and maintenance of the department’s official records and is the department contact to the University’s Records Manager.

1.3.1 The term “department,” as used in this procedure, includes department, office or unit of the University.

2.0 DEFINITIONS

2.1 Records. A record is a document, electronic record, device or item, regardless of physical form or characteristic, created or received, which serves to document the organization, functions, policies, decisions, procedures, operations, or other activities of the University. The records management system addresses retention of official University records.
2.2 Records Management Worksheet. A worksheet each University department utilizes during the annual inventory and other times to catalogue the official documents generated or received within their respective department. The Records Management Worksheet identifies the record series, IUC code, retention period, medium, and disposal instructions for each series of records retained.

2.3 Records Retention Schedule. The Records Retention Schedule is created and maintained by the Records Manager, and it serves as the official list of the University’s entire inventoried record holdings, and it identifies record retention periods and disposition instructions.

2.4 Records Management Disposal Form. The Records Management Disposal Form is used by Records Custodians to request the Records Manager’s approval of identified department records that have reached their retention period, as described in the section titled “disposal of University records.”

3.0 RECORDS MANAGEMENT INVENTORY AND WORKSHEET

An annual inventory of University records will be conducted within each University department.

3.1 Records Custodians, with guidance from the Records Manager, are responsible for their respective department’s records inventory. The Records Management Worksheet will be used to record the department’s inventory.

3.2 The Records Manager, in consultation with the Records Committee, is responsible for creating and updating a Records Management Worksheet template.

3.2.1 The Records Management Worksheet will identify the following: the names of the records series, descriptions or purposes for each series, mediums, IUC Codes, retention date(s), and disposition instructions of each series. The IUC Manual may be consulted to help assign codes to new records and to verify codes of existing records.

3.2.2 Upon completion of the department’s annual inventory, Records Custodians will submit completed records management worksheets to the Records Manager for preparation or update of the University Records Retention Schedule.

4.0 RECORDS MANAGEMENT SCHEDULE

4.1 The University shall maintain an official Records Retention Schedule.
4.2 The Records Manager is responsible for maintaining and annually updating the Records Retention Schedule.

4.2.1 The records management worksheets from each department will serve as a guide and/or draft for creating or updating the Records Retention Schedule.

5.0 STORAGE AND PRESERVATION OF UNIVERSITY RECORDS

5.1 The method of storage and preservation of records held indefinitely, including those required to be held for multiple years but not currently in use, shall be determined by the Records Committee and the Records Manager.

5.2 Records in current use shall be stored in a designated area in each department. Records Custodians are responsible for designating the storage area(s) within their respective department.

6.0 DISPOSAL OF UNIVERSITY RECORDS

6.1 As noted on the Records Retention Schedule, University records shall be archived until their scheduled retention date expires. When a Records Custodian determines that records within the department have reached or exceeded the retention period, he or she will first obtain written approval, and then arrange for proper disposal of the records.

6.2 A Records Disposal Form must be submitted to the Records Manager for written approval prior to disposal.

6.2.1 The Records Manager, in consultation with the Records Committee, is responsible for providing a Records Disposal Form template to each University department.

6.2.2 The Records Manager is responsible for maintaining an accurate record of all records disposal actions.

6.3 The disposal methods, which shall be identified on the Records Disposal Form, are as follows:

6.3.1 Destroy: The record does not contain confidential information and a disposal method is at the discretion of the owner.
INFORMATION ONLY

6.3.2 Destroy-Secured: The record is confidential and must be shredded. Examples of such sensitive records include student identifiable records, payroll records, etc.

6.3.3 Transfer to Storage: The record is required to be kept indefinitely, or the record is of historic value. These records are transferred to designated storage areas.

Another best-selling book, published by ACE/Praeger in 2007, is titled Academic Turnarounds: Restoring Growth and Vitality to Challenged American Colleges and Universities. With James Mingle, he authored Pursuing the Public’s Agenda: Trustees in Partnership With State Leaders. In 1996, he served as the editor and lead author of Restructuring Public Higher Education—What Works and What Doesn’t in Reorganizing Public Systems. Two years later he produced Seeking Excellence Through Independence, which focuses on rebalancing campus autonomy and accountability in order to achieve better results. In 2000, he wrote, along with Robert Berdahl, a study of the partial privatization of public institutions entitled Charter Colleges: Balancing Freedom and Accountability. He is currently preparing a book on high functioning boards of trustees.
