Three faculty members were appointed to the Department of Natural Sciences; two one-year temporary faculty members were appointed to the Department of Fine, Digital, and Performing Arts; one faculty member was appointed to the Department of Mathematical Sciences; and one one-year visiting professor was appointed to the Department of Social Sciences.

- The Division of Finance and Administration had one administrative appointment.

**Capital Status Report**

- Administration Building – construction documents are complete and project will be bid mid-October.

FY12 General Fund Revenue and Expenditures Report

The preliminary (draft) FY2012 general fund report reflects total expenditures of $51,508,586 compared to the budgeted amount of $54,121,512. The primary reasons for expending less than budget include: deferral of some major renovation projects, containment of benefit costs (92.1% of budget), reduced utility costs, and continued oversight of non-compensation spending. Also, we experienced higher-than-anticipated revenue from “other” sources, offsetting the loss experienced in tuition revenue.

VRCFA Revenue and Expenditures Report

Increased revenue of $50,436 was insufficient to cover the increased expenditures of $85,744 which resulted in a deficit of $35,308 for FY12. This was primarily due to an increase in performer compensation costs of $90,817 for which there was an inadequate increase in ticket sales, sponsorships, and donations to offset the additional cost.

Education

A briefing was presented on the progress of an ongoing strategic review of the human resources department.

External Relations Committee – Mr. Dan Mooney

Action Items

No action items were presented.

Information Items

Dr. Brenda Haas, Dean of the University College, reported on the Chancellor’s Plan for Shawnee State University to Improve Course Completion, Retention, and Graduation Rates and provided a progress report.

Mr. John Carey, Assistant to the President for Government Relations & Strategic Initiatives, updated the Board on discussions with the Ohio Board of Regents and Office of Management and Budget staff regarding a plan to “step-down” the University from its funding supplement.

President Morris updated the Board on changes in the SSI consultation progress.

Motion

Ms. Reynolds moved and Mr. Paine seconded that the Board endorse current efforts to develop a plan to reduce and eventually eliminate the Shawnee State University Supplement based upon
the principles that (1) the plan will allow the University to recapture the lost revenue through a means other than tuition; and (2) the plan recognizes the importance of a gradual increase of any costs to our students.

President’s Report

Fall 2012 Enrollment. Our 15th day report of enrollment for this semester reveals that enrollment is down at both the undergraduate and graduate levels; undergraduate enrollment is down 1.9% and graduate enrollments are down 5.5%. Our overall FTE enrollment is down 1.5%. As the attached report reveals, our decline is primarily in postsecondary student enrollment and reflects a demographic that is being realized in colleges and universities throughout the state.

Enrollment of Veterans. Earlier this month, we received word that changes in the data systems at the U.S. Department of Veteran’s Affairs had resulted in the “decertification” of most of the veterans enrolled in colleges and universities in Ohio. Shawnee State currently has 114 veterans enrolled that could have been impacted by this decertification. Even before the veterans themselves were notified of the problem by the Department of Veteran’s Affairs, we had moved to ensure their continued enrollment. Our Financial Aide staff contacted Veteran’s Affairs to begin a recertification process, arrangements were made to not charge them for late payments of tuition and fees, and the Foundation made additional emergency loans funds available to this group. Most of these efforts were accomplished by staff overnight so that we could continue to serve our veterans. Their work and efforts to support our students are to be commended.

Intermodal Conference. On August 30, 2012, the University hosted a conference on Intermodal Transportation opportunities in the region. The conference was attended by state, regional, and local officials who spoke about the expansion of intermodal transportation in the region and the potential for development of related business within the region. The conference was part of our initiative for the University to provide leadership in the economic development conversation and activity within the region we serve. The conference was the work of John Carey who is currently working to ensure we provide follow-up programming for the conference.

Renewal of Upward Bound and 21st Century Grants. We are pleased to have learned that funding for two important community-oriented grants programs has been continued. The 21st Century Community Learning Centers, operated through Outreach Services, has received state funding through the Department of Education. The 21st Century Community Learning Centers are programs provided in eight local elementary schools, providing a combination of tutoring, enrichment activities, and intervention after-school to help students at risk.

Three TRIO programs — Upward Bound, Upward Bound Math-Science, and Educational Opportunity Center — have received federal grant funding for the next five years. These programs are federal outreach and student services programs developed to help individuals from
disadvantaged backgrounds to succeed in higher education. Upward Bound currently serves 70 students from eight different school districts in Scioto County, helping to prepare them for college by assisting with study skills, tutoring, and counseling and by exposing these first-generation students to college life. The program here at Shawnee State is one of 780 in the nation to receive funding out of 1500 that applied. The Educational Opportunity Center program provides counseling and information on college admissions to qualified adults who want to enter or continue postsecondary education.

Each of these programs helps improve education in our community at different levels and we are pleased to be involved with making them available.

**Update on Metrics.** In recent years, it has been our custom to update the Board on our progress on the USO goals and our current strategic plan 20/20. Progress on the USO goals is no longer reported to the Board of Regents and we are at the point that our own strategic plan should be refreshed. Nonetheless, they both serve as good frameworks for us to report progress and changes at the University over the past year. Chris Shaffer, Director of Institutional Effectiveness, will provide a summary of this update to you and a full report is attached.

**Reports, if any, from Board Liaisons with other Organizations**

None.

**New Business**

Mr. Paine moved approval of Resolution E03-12, 2013-2014 Academic Calendar (ASA05-12). Mr. Howarth seconded the motion.

Ayes: Mr. Howarth, Mr. Lodwick, Mr. Mooney, Mr. Paine, Ms. Reynolds

President Morris asked Board members for direction on how to proceed with the recommendations of the Admissions Standards Task Force. After discussion of those recommendations by Board members, President Morris summarized the comments of the Board members as “a continuing commitment to the University’s current mission” and “no desire to impose admission standards at this time.” Further discussion was about ways to better understand the students who do not succeed academically and Dr. Morris indicated that she would work with the Office of Institutional Effectiveness to develop a profile of those students for future consideration by the Board. Chairman Mooney asked that the Board’s thanks be conveyed to the members of the Admissions Standards Task Force for their hard work and commitment to excellence at SSU.
