Such Conduct Code will also include a separate process for academic misconduct. Students shall be afforded appropriate due process in the resolution of any allegation(s) of violations of the Student Conduct Code. Students found responsible for violations are subject to sanctions which in more serious cases may include removal from student housing or suspension or expulsion from the University.

1.0 Faculty are encouraged to utilize the human resources of the community as a supplement to the instruction provided by the University. Instructors may invite outside speakers to address a class where the speaker is knowledgeable in his or her subject and where this topic is pertinent to the course objectives.

2.0 Normally, the University will expect the outside speakers to donate their services. In those instances where a fee is required, prior approval by the Division Chair or Dean must be secured before a guest may be contracted for an appearance.

3.0 At least a week before the presentation, the instructor should inform his or her supervisor of the time and place of the presentation. The instructor is also responsible for seeing that appropriate steps are taken to guarantee free discussion when controversial topics are presented. This open discussion should take place during the time allocated to the speaker when the presentation is open to those not enrolled in the course. This can be done through open debate, through a question and answer period, or through a presentation of alternate points of view by the instructor, by other speakers, or by distributed statements.

1.0 Field trips are the prerogative of the instructor. However, an instructor has the responsibility of notifying the appropriate Division Chair or Dean and other faculty members of the students involved, the date, and time of the field trip.

2.0 Field trips which are included as a required part of a regular course offering should be included in the course outline, and students should be informed during the first week of class of any expectations related to the field trips.

3.0 Special problem courses based in great part on activities associated with a field trip, either of short or long duration and/or distance, should be submitted in accordance with normal course proposal procedures. The cost of special problem courses and related field trips must be generally-self-sustaining from the revenues collected from participating students. If there are additional costs or if campus vehicles are to be used, approval is required.

4.0 Consumption or possession of alcoholic beverages or illegal drugs while on field trips is prohibited. Any person found to be in violation of this policy will be subject to disciplinary action which may include the termination of his/her status with the University.
Faculty advising of students is an academic process whereby students are rendered assistance by an informed faculty member. Areas of assistance include the development of a general academic plan and a quarterly schedule that will enable students to proceed through their chosen academic program in an appropriate manner. Academic advisors assist students who seek help in areas of academic difficulty and help identify referral sources within the University and direct students to these services when needs are identified.

1.0 Development of the Advising System

It is the responsibility of each instructional unit to develop an advising policy appropriate for students enrolled in programs in that unit. This will allow each unit to build into its advising system those special characteristics needed to advise its majors. These policies should include a procedure to handle late admissions and evening students. Students should be notified of the advising process at the time of notification of their assigned faculty advisor.

2.0 Student Placement and Advising

2.1 During the admission process, students should be placed in one of the following categories:

2.1.1 New Freshman, Degree-Seeking
2.1.2 Returning, Degree-Seeking
2.1.3 Transfer, Degree-Seeking
2.1.4 Special, Non-Degree Seeking
2.1.5 Degree-Seeking, Not admitted to a Program
2.1.6 Transient, Non-Degree Seeking

2.2 Students will be assigned to the appropriate instructional unit based on their declared major at the time of admission. Student information, including the declared area of concentration, will be communicated to the appropriate unit. Chairs or deans will be responsible for assigning students to faculty advisors within their unit. The name of the assigned advisor and information as to the appropriate procedure to be followed by the student will be communicated to the student by the instructional unit prior to the next registration period.

2.3 Special and/or transient non-degree seeking students will be advised by Student Services personnel until they declare a major. Transfer, degree-seeking students will be advised by both the Director of Transfer Placement and a faculty advisor during their first quarter. Students seeking an Individualized Studies degree will be jointly advised by the Registrar and appropriate faculty.
2.4 Students who indicate on their application for admission that they are undecided, will be asked in the assessment section of orientation or registration, to complete an advising preference check list. (The check list will be developed by the Career Center.) The check list will be analyzed by a qualified member of the Student Affairs staff, and the student will be assigned to an appropriate interest area and possible major choice. The student will be assigned a faculty advisor by the Dean or Chair of the interested area, to act as the student's faculty advisor until such time as the student makes a choice of major. When a student decides upon a major, the student will then be moved into the appropriate division and reassigned to an advisor who is appropriate for the selected major. Chairs/deans should identify faculty who are willing to work with undecided students. In the absence of faculty advisors, the Deans and Chairs will act as advisors to undecided students. Faculty willing to advise undecided students should volunteer to have undecided students as part of their advising load. These are students with special needs that may require additional attention. Faculty advisors assigned to undecided students need to be aware of the services of the Placement and Career Center and the referral process involved with this service.

2.5 The Registrar's Office, in cooperation with the University Information Systems, will provide faculty advisors with the necessary information relating to the student's academic status. This will include high school background, ACT and placement test scores, and other special information available on the University data base.

2.6 Representatives from each instructional unit will be available during the orientation period for new students for advising purposes.

2.7 These advising policies will not apply to the advising of off-campus students. Students enrolled at the Pike County Joint Vocational School will be advised by the University Registrar, and those students enrolled at the Southern Ohio Correctional Facility will be advised by the S.O.C.F. Coordinator.

3.0 Change of Advisors

3.1 Students who change majors are required to report this change to the Office of the Registrar. The change of major will be communicated to the appropriate divisions and the student assigned a new faculty advisor within that instructional unit. The instructional unit will then send the appropriate information to the student including the name of the new faculty advisor.

3.2 Provisions should be included in each instructional unit's advising policy to allow for a change of advisor, if necessary, at the request of the student or the faculty advisor.
4.0 Student Responsibilities

Students are responsible for their own registration decisions and progress toward a degree. An important part of this responsibility is consultation with the University catalog, divisional/school guidelines, and the student's advisor.

5.0 Faculty Roles

A committee consisting of members of the Student Affairs Committee and the Faculty Development Committee will develop an in-service program to inform faculty advisors of the role of the different departments at the University handling student applications, placement and testing, registration procedures, etc. Additional in-service time will be included for each instructional unit to discuss strategies that are unit-specific.

6.0 Instructional Unit

Development of advising policies will progress in a timely manner. All advising policies shall be developed and in place for student registration use by Fall Quarter 1989. Copies of these policies, and any revisions of them, shall be submitted to the Student Affairs Committee for coordination and information purposes.

7.0 Review of Advising Policies

Instructional units will be responsible for reviewing their own advising policies to ensure they are both adequate and effective. A narrative summary will be forwarded to the Student Affairs Committee and the Provost by the end of each academic year.

Developmental education is an integral part of the educational services provided at Shawnee State University. In an open-enrollment institution, numbers of students come to college through nontraditional routes (vocational programs, GED, etc.). The developmental education program provides under prepared students an opportunity to gain the skills and knowledge necessary to attempt college level work.

The program provides developmental courses, individualized learning experiences, and tutoring services for students who (1) lack an adequate high school background or (2) need review due to lapse in schooling experiences.

The emphasis of the program is on mathematics, reading, and writing/communication skills. An expected outcome of the program is increased retention of academically disadvantaged students.

1.0 Specific objectives of developmental education programs include the following:

1.1 Provide developmental courses in English and mathematics;

1.2 Bring students to an expected level of competency indicating readiness for enrollment in courses in degree granting programs;

1.3 Provide individualized learning resources;

1.4 Measure the success of developmental programs and the needs for additional emphasis.

2.0 The goal of developmental education at Shawnee State University is to provide an opportunity for those students with insufficient background skills to reach an appropriate level for college course work.
1.0 In order to encourage qualified individuals to teach at Shawnee State, the University provides the benefit of reimbursing those individuals that must commute more than twenty-five (25) miles one way or more than fifty (50) miles round trip to perform their teaching assignments.

2.0 The basis for measuring the fifty mile limitation will be the calculation of mileage to and from the designated teaching location from either the individual's house (using the town or city included in the individual's Post Office address) or Shawnee State's campus, whichever is less. Thus, if a part-time faculty member travels sixty (60) miles round trip, as measured by the method described above, to perform his teaching responsibility, he/she will be reimbursed for sixty (60) miles for this particular trip. However, if a part-time faculty member travels forty-five (45) miles round trip to perform his/her teaching responsibilities, as measured by the method described above, he/she will not be reimbursed.

3.0 Procedure. Eligible part-time faculty will be reimbursed at the University's current travel reimbursement rate per mile. Mileage must be reported on travel forms obtained from the appropriate Dean/Chairperson. These reports must be turned in to the appropriate Dean/Chairperson at the end of each quarter. The administrator will check each travel voucher for accuracy, and will sign and forward the first three copies to the Controller's Office authorizing reimbursement.

18.1 Introduction. Shawnee State University Development Foundation (hereafter referred to as the “Foundation”) was created to provide perpetual financial support to Shawnee State University. The purpose of these investment policies is to establish guidelines for the Foundation’s investment portfolio (the “Portfolio”). These policies also incorporate accountability standards that will be used for monitoring the progress of the Portfolio’s investment program and for evaluating the contributions of the investment consultant(s) and manager(s) hired on behalf of the Foundation.

18.2 Role of the Finance Committee. The Finance Committee (the “Committee”) is acting in a fiduciary capacity with respect to the Portfolio, and is accountable to the Board of Trustees of the Foundation for overseeing the investment of all assets owned by, or held in trust for, the Portfolio.

18.2.1 The Foundation’s investment policies set forth the investment objectives and investment guidelines that govern the activities of the Committee and any other parties to whom the Committee has delegated investment management responsibility for Portfolio assets.

18.2.2 The investment policies for the Foundation contained herein have been formulated consistent with the Foundation’s anticipated financial needs and in consideration of the Foundation’s tolerance for assuming investment and financial risk, as reflected in the majority opinion of the Committee.

18.2.3 These policies are intended to provide guidelines, where necessary, for ensuring that the Portfolio’s investments are managed consistent with the short-term and long-term financial goals of the Foundation. At the same time, they are intended to provide for sufficient investment flexibility in the face of changes in capital market conditions.

18.2.4 The Committee will review these investment policies at least once per year. Changes to these investment policies can be made only by affirmation of a majority of the Foundation’s Board, and written confirmation of the changes will be provided to all Committee members and to any other parties hired on behalf of the Portfolio as soon thereafter as is practical.

18.3 Role of the Investment Manager(s). Each investment manager of separate accounts, mutual funds or commingled trusts will have full discretion to make all investment decisions for the assets placed under its jurisdiction, while observing and operating within all policies, guidelines, constraints, and philosophies as outlined in these investment policies unless governed by prospectus or separate trust document. Specific responsibilities of the
investment manager(s) of separate accounts, mutual funds or commingled trusts include:

18.3.1 Discretionary investment management including decisions to buy, sell, or hold individual securities, and to alter asset allocation within the guidelines established in the Foundation's investment policies.

18.3.2 Reporting, on a timely basis, quarterly investment performance results.

18.3.3 Voting proxies.

18.4 Role of the Investment Consultant. The investment consultant’s role is that of a non-discretionary advisor to the Committee. Investment advice concerning the investment management of Foundation assets will be offered by the investment consultant, and will be consistent with the investment objectives, guidelines and constraints established in these investment policies. Specific responsibilities of the investment consultant include:

18.4.1 Advising the Committee regarding the selection of and allocation to asset and style categories within the constraints of the Foundation’s investment policies and guidelines.

18.4.2 Conducting investment manager searches when requested by the Committee.

18.4.3 Monitoring the performance of the investment manager(s) to provide the Committee with the ability to determine the progress toward the investment objectives.

18.4.4 Communicating matters of policy, manager research, and manager performance to the Committee.

18.4.5 Reviewing the Foundation’s investment history, historical capital markets performance and the contents of these investment policies to any newly appointed members of the Committee.

18.5 Investment objective.

18.5.1 The Foundation is to be invested with the objective of preserving the long-term, real purchasing power of assets while providing distributions in support of the Foundation’s spending needs.

18.6 Portfolio investment policies.

18.6.1 Asset allocation policy

18.6.1.1 The Committee recognizes that the strategic allocation of Portfolio assets across
broadly defined financial asset and sub-asset categories with varying degrees of risk, return, and return correlation will be the most significant determinant of long-term investment returns and Portfolio asset value stability.

18.6.1.2 The Committee expects that actual returns and return volatility may vary from expectations and return objectives across short periods of time. While the Committee wishes to retain flexibility with respect to making periodic changes to the Portfolio’s asset allocation, it expects to do so only in the event of material changes to the Foundation and/or to the capital markets and asset classes in which the Portfolio invests.

18.6.1.3 Foundation assets will be managed as a balanced portfolio composed of two major components: an equity portion and a fixed income portion. The expected role of Foundation equity investments will be to maximize the long-term real growth of Portfolio assets, while the role of fixed income investments will be to generate current income, provide for more stable periodic returns, and provide some protection against a prolonged decline in the market value of the Portfolio’s equity investments.

18.6.1.4 Cash investments will, under normal circumstances, only be considered as temporary Portfolio holdings, and will be used for Fund liquidity needs or to facilitate a planned program of dollar-cost averaging into investments in either or both of the equity and fixed income asset classes.

18.6.1.5 Outlined below are the long-term strategic asset allocation guidelines, determined by the Committee to be the most appropriate, given the Foundation’s long-term objectives and short-term constraints. Portfolio assets will, under normal circumstances, be allocated across broad asset and sub-asset classes in accordance with the following guidelines:

18.6.1.6 To the extent that the Portfolio holds investments in nontraditional, illiquid, and/or nonmarketable securities including (but not limited to) venture capital, hedge funds, and real estate investments, these assets will be treated collectively as alternative investments for purposes of measuring the Portfolio's asset allocation. While not specifically considered within these investment policies, alternative investments may comprise up to 15% of total Portfolio assets and, to the extent they are owned, will proportionately reduce target allocations to the three primary asset classes itemized above. In any event, no part of the Portfolio shall hold alternative investments without express prior consent of the Finance Committee.

18.6.1.7 It is expected that the Portfolio's actual asset allocation will vary from its target asset allocation as a result of the varying periodic returns earned on its investments in different asset and sub-asset classes as well as periodic cash flows, either into or out of the Portfolio.

18.6.1.8 Whenever the Portfolio's actual asset allocation to the various asset and sub-asset classes falls outside of the ranges stipulated in Section 18.6.1.5 above, the investment consultant shall within a reasonable period of time, evaluate such deviations and provide the Committee with a recommendation to bring the Portfolio into compliance with the asset allocation guidelines.

18.6.2 Diversification policy

18.6.1.1 Diversification across and within asset classes is the primary means by which the Committee expects the Portfolio to avoid undue risk of large losses over long time periods. To protect the Portfolio against unfavorable outcomes within an asset class due to the assumption of large risks, the Committee will take reasonable precautions to avoid excessive investment concentrations. Specifically, the following guidelines will be in place:

18.6.1.2 With the exception of fixed income investments explicitly guaranteed by the U.S. government, no single investment security shall represent more than 5% of total Portfolio assets.

18.6.1.3 With the exception of passively managed investment vehicles seeking to match the returns on a broadly diversified market index, no single investment manager, investment pool or investment company (mutual fund) shall comprise more than 25% of total Portfolio assets.

18.6.1.4 With respect to investment grade fixed income investments, for individual bonds, the minimum average credit quality of these investments shall be investment grade (Standard & Poor's A- or Moody's A- or higher).

18.6.2 Prohibited transactions and strategies

Unless expressly authorized by the Committee, the Portfolio and its investment managers are prohibited from:
18.6.2.1 Purchasing securities on margin or executing short sales.

18.6.2.2 Pledging or hypothecating securities, except for loans of securities that are fully collateralized.

18.6.2.3 Purchasing or selling derivative securities for speculation or leverage.

18.6.2.4 Engaging in investment strategies that have the potential to amplify or distort the risk of loss beyond a level that is reasonably expected, given the objectives of their Portfolio.

18.7 Monitoring portfolio investments and performance.

The Committee will monitor the Portfolio’s investment performance against the Portfolio’s stated investment objectives. At a frequency to be decided by the Committee, it will formally assess the Portfolio and the performance of its underlying investments as follows:

18.7.1.1 The Portfolio’s composite investment performance (net of all investment management fees) will be judged against the following standards:

18.7.1.2 The Portfolio’s absolute long-term annualized real return objective of CPI +5%

18.7.1.3 A composite benchmark consisting of the following unmanaged market indexes weighted according to the expected target asset allocations stipulated in the asset allocation guidelines in Section 18.6.1.5:
- U.S. Equity: Russell 3000 Index
- Investment Grade Fixed Income: Barclays Capital U.S. Aggregate Bond Index

18.7.1.4 Exceed the median return of a peer group of investors with a similar strategic asset allocation.

18.7.1.5 Maintain volatility of returns, as measured both by beta and standard deviation, of no more than 1.20 times that of the passively managed balanced index identified in Section 18.7.1.3 above.

18.7.1.6 Maintain positive risk-adjusted returns, as measured by alpha and Sharpe ratio.

18.7.2 The performance of professional investment managers hired on behalf of the Portfolio will be judged against the following standards:

18.7.2.1 A market-based index appropriately selected or tailored to the manager’s agreed-upon investment objective and the normal investment characteristics of the manager’s portfolio.

18.7.2.2 The performance of other investment managers having similar investment objectives
18.7.2 In keeping with the Portfolio’s overall long-term financial objective, the Committee will evaluate Portfolio and manager performance over a suitably long-term investment horizon, generally across full market cycles or, at a minimum, on a rolling five-year basis.

18.7.3 Investment reports shall be provided by the investment consultant on a (calendar) quarterly basis or as more frequently requested by the Committee.

1.0 PURPOSE

Shawnee State University is committed to complying with non-discriminatory legislation and implementing affirmative action employment guidelines. In an effort to accomplish these goals, the University intends to act in accordance with applicable federal and state statutes, regulations, and/or guidelines as they exist and may be amended from time to time.

2.0 REQUIREMENT FOR EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION STATEMENT

By law, the Rehabilitation Act of 1973 (Section 504) and Title IX of the Education Amendments of 1972, the University is required to include statements of nondiscrimination in its publications that are designed for recruitment and admissions purposes.

In accordance with the Rehabilitation Act of 1973 (Section 504), the University is required to state in all publications either directly or indirectly related to recruitment and admissions that it does not discriminate on the basis of handicap. With this statement, the University is required to publish the name, address, and phone number of the employee designated by the institution to coordinate activities pursuant to this legislation.

Title IX of the Education Amendments of 1972 requires that the content of University publications does not imply discrimination on the basis of sex and includes a statement to that effect. In addition, the University must publish the name, address, and telephone number of the employee designated by the University to be responsible for the coordination of activities pursuant to this legislation.

3.0 INSTITUTIONAL STATEMENT OF NON-DISCRIMINATION

The following statement is to be included in all University publications as deemed appropriate:

Shawnee State University does not discriminate in its education or employment programs, policies, or practices on the basis of race, creed, sex, color, national or ethnic origin, religion, marital status, age, sexual orientation, Vietnam-era or qualified disabled veteran status, or qualified handicap. Accordingly, Shawnee State University complies with Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Age Discrimination Act in Employment of 1967, the Age Discrimination Act of 1975, the Equal Pay Act of 1963, Sections 503 and 504 of the Rehabilitation Act of 1973,
the Vietnam Era Veterans' Readjustment Assistance Act of 1974, Americans with Disabilities Act, Ohio Fair Employment Practices, Ohio Equal Pay Act, and other applicable federal and state statutes, regulations, and/or guidelines as they exist and may be amended from time to time.

For information relative to complaint procedures established at the University to address possible violations of laws and/or policies against discrimination, inquiries should be made to the Affirmative Action Coordinator located in the Personnel Office, Commons Building, extension 2398, or the Assistant to the President, located in the Office of the President, Commons Building, extension 2283, or Director, Ohio Civil Rights Commission, 220 Parsons Ave., Columbus, OH 43266, or Director, Office for Civil Rights, U.S. Department of Education, Region V, 401 S. State St., Chicago, IL 60605, or Assistant Secretary for Civil Rights, U.S. Department of Education, Washington, DC 20202, or Equal Employment Opportunity Commission (EEOC), Tower City Skylight Office Tower, Suite 859, 1660 West Second St., Cleveland, OH 44113-1454.

4.0 AFFIRMATIVE ACTION IN EMPLOYMENT

Shawnee State University is a voluntary affirmative action employer (29 CFR Part 1600). A voluntary affirmative action employment plan will be implemented in accordance with Ohio Administrative Code 123:1-49-04 and periodically reviewed. The affirmative action plan will be terminated when the minority composition of the University work force is substantially equal to the minority composition of the pool of potential employees for three consecutive years.

Adopted 4/29/91; Revised 12/7/92; Revised 6/13/97
Shawnee State University

1.0 AFFIRMATIVE ACTION HIRING GUIDELINES

General Guidelines

The affirmative action guidelines at Shawnee State University shall, insofar as practicable and financially feasible, include taking specific actions and making special efforts to recruit, employ, and promote qualified persons who are members of groups which may have been formerly excluded or clearly underrepresented in society's institutions. Members of this "protected class" include women, minority group members (Blacks, Native Americans, Hispanic Americans and Asian Americans), handicapped, Vietnam-era and disabled veterans.

The purpose of these affirmative action guidelines at Shawnee State University is two-fold: (1) To ensure the University's equal employment opportunity policy to recruit and hire persons in all job classifications without regard to their protected class status; and (2) to ensure that no person-on such basis-is excluded from participating in, be denied the benefits of, or be subjected to discrimination on the part of the University.*

The ultimate responsibility for these affirmative action guidelines lies with the President. Planning, implementing, and day-to-day monitoring of this policy are the responsibilities of the vice presidents, deans, directors, and department chairpersons as they follow sound management practices and provide leadership to the staffs of their respective divisions.

Shawnee State University will continue to comply with Federal, State, and other applicable laws, statutes, rules, regulations, and policies, and will continue to work cooperatively with governmental and community organizations in ensuring equal employment and advancement opportunities.

2.0 PROCEDURES

Success in achieving these affirmative action guidelines requires a commitment to recruit aggressively and to develop representative pools of candidates in a timely fashion. Initiation of search procedures early in the year, even on the basis of an "anticipated vacancy," will increase the number of protected-class applicants and obviate the need for temporary or emergency appointments.

Any exception to these procedures must be explained in writing to the President for approval prior to implementing the exception.

2.1 Filling a Vacancy

The procedures to fill vacant positions shall comply with Shawnee State University Board policies as well as provisions of faculty and staff affiliation agreements.

The President is to be consulted before the search process begins. This consultation typically uses the Shawnee State University forms which describe how the search process will be conducted. Vacant positions shall not be announced before this form has been approved.

The President shall help vice presidents, and vice presidents shall help their supervisors, to develop an affirmative action recruiting plan with special emphasis on recruiting members of the protected class.

2.1.1 Request to fill a position

For a faculty position, the dean or chairperson initiates the form "Authorization for Recruitment of Professional Personnel," which must be approved by the Dean, Provost, the Vice President for Business Affairs or designee, and the President. For staff positions, the supervisor uses the "Personnel Requisition for Staff" form, approved by the director, appropriate vice president, budget director and the President.
3.0 POSITION DESCRIPTION AND ADVERTISEMENT

Preparing a position description is critical in fulfilling these Shawnee State University affirmative action guidelines. The criteria should be drawn from the initial forms used to describe staff positions and developed carefully for all positions, ensuring that each requirement is valid and reflects the listed duties of the position. It is illegal to require a qualification which might work more against members of the protected class unless that qualification can be validated as essential to the performance of the duties of the position.

The established criteria will be the basis for all subsequent advertisements and will be followed through all stages of the recruitment, screening, and interviewing process; no criteria may be used other than those announced. The requirements to be weighed most heavily are to be made clear in the position description by listing them as "minimum acceptable qualifications." Other qualifications are to be listed as "additional desired qualifications."

The advertisement shall include, among other information, the following:

- minimum acceptable qualifications (required)
- additional desired qualifications
- other Shawnee State University requirements (such as rank, classification, grade as appropriate)
- deadlines:
- for support staff positions, set an application deadline date
- for faculty and administrative staff positions, use the statement: "Screening of application will begin on (date); however, applications will be accepted until a selection is made."
- the statement: "Shawnee State seeks staff who share our commitment to students as our first priority."
- the statement: "Shawnee State University is an Affirmative Action/Equal Opportunity Employer."
3.1 INTERNAL POSITION ANNOUNCEMENT

Support positions will be posted internally for five(5) days. Administrative positions will be announced internally for three(3) days unless the President determines the position should be filled by appointment as described in section 5.0 or 12.0 of this policy.

4.0 SEARCH AND SCREENING COMMITTEES FOR FILLING FULL-TIME POSITIONS

4.1 Support Staff

External searches for full-time support staff positions are to be conducted using a Search and Screening Committee of two to four members. If possible, a member of the protected class will be included on this Committee.

4.2 Faculty

Searches to fill full-time faculty positions will typically be conducted using a Search and Screening Committee. Such Committee will consist of four(4) to seven(7) members including faculty from the appropriate areas and, at least one member, if possible, of the protected class. The Committee will normally be chaired by the Dean or Chairperson. The requirement of at least four(4) members may be waived during the summer upon consultation with the President.

4.3 Administrative Staff

Searches for full-time administrative positions will be conducted, by a Search and Screen Committee of four (4) to seven (7) members at least one of whom should be a member of the protected class, if possible. The supervisor of the area will normally chair the Committee. The requirement of at least four (4) members may be waived during the summer upon consultation with the President.

The Committee will screen all applications and will recommend candidates to be interviewed using the Affirmative Action Record (attached). It will interview candidates either by telephone conference call and/or in person at the discretion of the Committee Chairperson and subject to availability of funds.

Insofar as practicable, the Committee will recommend no fewer than two unranked candidates to be employed unless there is evidence that one candidate clearly meets the requirements of the position better than all other candidates.
5.0 FILLING POSITIONS AS AN AFFIRMATIVE ACTION

Affirmative Action appointments may be authorized in those cases where a hiring unit has suffered chronic underutilization as defined by the University's Affirmative Action Plan. In such instances, a Search and Screening Committee shall be used, but the requirement to advertise the position publicly may be waived as an affirmative action.

Faculty and staff are encouraged to provide the President with names of members of the protected class from professional meetings and among their qualified acquaintances as potential candidates for consideration.

6.0 COMMUNICATING WITH APPLICANTS

A copy of the position description must be sent to each person expressing an interest in the position. Applicants screened out in the early stages because of basic deficiencies (e.g., not meeting the required qualifications, no terminal degree, lack of required experience or academic credentials) will be informed (after step 11.0 in the Affirmative Action Record has been completed) that they are not among the list of applicants who are under further consideration for the position.

ALL communications with applicants must be conducted through the chairperson of the Search and Screening Committee. That is, members of the Committee are to refer all applicant inquiries to the chairperson in order to avoid the possibility of an aborted search.

Any candidate who has been interviewed is not to be told that he/she is the Committee's choice until after the Committee Chairperson and the appropriate vice president have made a recommendation which has been approved by the President. After the selected candidate has accepted the position, the Committee Chairperson can then notify others who were interviewed that an appointment has been made and they are no longer under consideration.

7.0 SCREENING PROCEDURE

Rating sheets are recommended to be used in screening candidates in the initial evaluation. The sheets should list the "required" and "desired" criteria announced in the position description.

Each member of the Committee is to review the credentials of all applicants and rate them according to the stated criteria. As credentials are screened, assumptions based on any nonprofessional factors must be avoided.

A record of the applicants and readily discernible information about their status as members of the protected class is to be reviewed by the appropriate vice president and the President who in consultation with the Affirmative Action Coordinator, will determine if any discriminatory practices occurred during the screening process before the "short list" is determined.
8.0 INTERVIEWING PROCEDURE

After the President approves the short list, the top-rated candidates can be interviewed. If there is evidence that one of the candidates is clearly the most qualified in the pool, it is possible to interview only that candidate.

Should the President feel that the screening process has been flawed, a re-evaluation of the candidates may be required, or the search may be aborted and the vacancy re-advertised.

During the interviewing process, special care must be taken to treat all persons the same. No questions should be asked of one race or sex that would not be asked of another. Any questions related to the candidate's race, sex, age, marital status, family situation, religion, handicap, veteran, or other non-professional characteristics must be avoided by everyone who interviews the candidates.

9.0 THE FINAL CHOICE

The only criteria used in arriving at a recommendation are the criteria which were in the position description at the start of the process. Rating sheets are recommended during the final stage of the selection.

The Committee Chairperson is to record the results of the interview process in a manner similar to that for the screening process. The record is to be reviewed by the appropriate vice president in consultation with the Affirmative Action Coordinator. The recommendation will then be forwarded to the President for final approval.

Shawnee State University

AREA: UNIVERSITY-WIDE POLICY

SUBJECT: UNLAWFUL AND PROHIBITED DISCRIMINATION
DISCRIMINATION AND HARASSMENT

POLICY NO.: 5.03 Rev.
ADMIN. CODE: 3362-5-04
PAGE NO.: 1 OF 8
EFFECTIVE DATE: 01/10/06 Rev.
RECOMMENDED BY: Affirmative
Action and Diversity Committee
APPROVED BY: Board of
Trustees

1.0 Statement of Policy

1.1 The educational mission of Shawnee State University requires a working and learning environment free from harassment, hostility and other unlawful and prohibited discrimination. It is our ethical and legal obligation to provide applicants, employees and students an environment conducive to learning and working. Unlawful or prohibited discrimination, including harassment, quid pro quo or the creation of a hostile environment, is not tolerated at Shawnee State University.

1.2 The purpose of this policy is to prevent unlawful and prohibited discrimination and harassment from occurring in the workplace and the educational environment; educate students and employees regarding their responsibilities and rights; improve morale; enhance professionalism; increase productivity; encourage victims of discrimination and harassment to come forward and ensure that prompt and effective corrective action is taken to eradicate unlawful and prohibited discrimination and harassment.

1.3 The implementation of this policy is the direct responsibility of each administrative and supervisory employee of the University. The President retains responsibility for overall coordination of compliance with this policy. It is the responsibility of all University employees, if they are aware of unlawful and prohibited discrimination or harassment, to report such to the appropriate University officials (ref. 10.3).

1.4 Conduct found to violate this policy does not necessarily establish a violation of state or federal anti-discrimination laws.

2.0 Academic Freedom

2.1 Freedom of expression is essential to the educational mission of Shawnee State University. Academic freedom protects the actions of a faculty member made in furtherance of this mission. Adherence to the right of freedom of speech and to the principle of academic freedom requires that all thoughts presented as ideas or the advocacy of ideas in instructional settings, if germane to the subject matter of the course being taught, be protected. Discrimination and harassment, including the creation of a hostile environment, are inconsistent with academic freedom on campus.

2.2 Shawnee State University is a community of students and employees where the right to freedom of thought and expression coexists with a responsibility to respect the rights of others. Students and faculty should not be disadvantaged or evaluated on the basis of their political opinions. [See the attached ACE Statement on Academic Rights and Responsibilities]

[Redacted] 10-25-13
3.0 Definitions

3.1 Unlawful and prohibited discrimination: Any adverse employment action, including failure to hire, retain, or promote, against an individual; making decisions affecting a student, including discipline, grades, and class assignment based upon the individual's political opinions, race, color, religion, sex, sexual orientation, national origin, disability, age (40 years or older), veteran or other protected status under federal or state statutes.

3.2 Unlawful and prohibited harassment: A form of discrimination that can be directed at any individual based on race, color, religion, sex, sexual orientation, national origin, disability, age (40 years or older), veteran, or other protected status under federal or state statutes. The two forms of unlawful harassment are quid pro quo or hostile environment.

3.2.1 Unlawful and prohibited harassment can occur from a single severe overt action such as physical assault or from a pattern of unwelcome statements or actions that are sufficiently severe or pervasive so as to interfere with an individual's work performance, or create an intimidating, hostile or offensive work or academic environment, when:

3.2.1.1 Submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic activities (quid pro quo); or,

3.2.1.2 Has the effect of interfering with an individual's employment or academic performance, or, creates an intimidating, hostile, or offensive working or educational environment (hostile environment). Examples of hostile environment harassment may include, but are not limited to:

- Comments that are negative and consistently targeted at one gender, race, or other Title VII category, or sexual orientation.
- Unwanted sexual advances; demands for sexual favors in exchange for favorable treatment or continued employment.
- Threats and demands to submit to sexual requests in order to obtain or retain any educational or employment benefit.
- Verbal conduct such as epithets; derogatory or obscene comments; slurs or sexual invitations; negatively stereotypical jokes; propositions; suggestive, insulting, obscene comments or other verbal abuse of a sexual nature; graphic, verbal commentary about an individual's body, sexual prowess or sexual deficiencies, race-based insults, intimidations, or ridicule.
- Unwelcome and repeated flirtations and sexual advances; leering; whistling; touching; or more severe actions such as pinching; assault; coerced sexual acts; blocking normal movements.
- Visual conduct such as derogatory posters, photographs, cartoons, drawings or gestures or other displays in the work place of sexually or racially derogatory objects or pictures; transmitting or posting via electronic or other medium defamatory, harassing, obscene or threatening messages or any communications prohibited by law.

4.0 Consensual relationships

4.1 No person involved in a consensual sexual relationship should have direct responsibility for evaluating the employment or academic performance or for making decisions regarding the promotion, tenure, or compensation of the other party to the relationship. Consensual sexual relationships between supervisor and employee or between faculty and student under their authority are strongly discouraged. If such a relationship exists, the supervisor or faculty member should take steps to terminate any supervisory or academic authority that exists.
5.0 Application of policy off campus and Reasonable Person Standard

5.1 Unlawful discrimination and harassment are unacceptable not only in the workplace but in other work/academic-related settings such as academic field trips, athletic events, business trips and business-related social events.

5.2 In determining whether an action or actions constitute harassment, the standard to be applied is that of the reasonable person of the same status as the complainant as established by case law. For example, the viewpoint of a "reasonable female" should be applied when the complainant is a female. The courts have found that "not intending to harass" is not an acceptable defense.

6.0 Prohibitions

6.1 It is a violation of this policy for any student or employee of the University to engage in unlawful or prohibited discrimination or harassment.

6.2 It is a violation of this policy to retaliate against any member of the University community who files a complaint of discrimination or harassment. Retaliation is illegal and is contrary to the letter and spirit of this policy.

6.3 It is a violation of this policy for anyone to make, or threaten to make, a false accusation of unlawful or prohibited discrimination or harassment, or to otherwise use this policy in a manner inconsistent with its stated purpose.

7.0 Responsibilities

7.1 Each dean, director, department chair, and administrative head of an operational unit is responsible for the dissemination and implementation of this policy within his or her area of responsibility and to provide education and training to department or unit personnel on this policy on a regular basis.

7.2 It is the professional responsibility of all members of the University community to discourage unlawful or prohibited discrimination or harassment and to cooperate in any investigation resulting from a possible violation of this policy.

8.0 Inquiries

An inquiry about this policy is not considered a complaint nor is it considered notification to the University of an alleged violation of policy.

9.0 Office of Ombuds

9.1 The Ombuds Office provides an opportunity for informal discussion of issues or concerns outside the formal channels. The Ombuds Office is available to listen, discuss, answer questions, provide information, and help the employee develop options for resolving problems or conflicts. Employees are encouraged to contact the Ombuds Office if unclear about the particular nature of the concern or if assistance is needed in determining where to go for help. The Ombudsperson will assist in considering and exploring options. Utilizing the Ombuds Office is strictly voluntary and does not constitute notification to the University of an alleged violation of policy.

9.2 Ombuds service for student needs is described in detail in the student handbook and is provided by the vice president for student affairs.
10.0 Complaint Procedures

The University encourages individuals who believe they are victims of unlawful or prohibited discrimination or harassment to promptly notify the offender that the behavior is not welcome. It is understood that power and status disparities between the alleged offender and the complainant may make such a confrontation difficult. Therefore, in addition to direct communication with the offender, the complainant may elect to report the behavior in the following manner:

10.1 Informal Complaint - An informal complaint can be addressed through university officials identified below. An official may recommend or aid in setting up an informal meeting with the appropriate supervisor, a discussion with the person accused with the university official present, the university official discussing the complaint with the accused without the complainant present, or filing a formal complaint. Other actions may be identified during the course of the initial interview. Every effort will be made to address and resolve informal complaints in an educational and preventive manner. The decision to proceed informally initially does not preclude the filing of a formal complaint at some later point prior to the completion of the informal complaint process. Nor is filing an informal complaint a prerequisite for filing a formal complaint. However, a complainant should not simultaneously maintain complaints arising from the same occurrence with more than one office.

10.2 Formal Complaint - A formal complaint must be written, signed by the complainant and filed with authorized university officials within 180 days of the alleged incident(s) [300 days for complaints under EEOC jurisdiction, 29 CFR § 1601.13]. This timeline may be extended if the incident was reported under the informal complaint step within 180 days or 300 days for EEOC jurisdiction complaints, is being actively investigated and a decision to proceed as a formal complaint is made by the complainant or the receiving official. It may also be extended if a complaint was delayed due to the complainant’s fear of retaliation and sufficient evidence is provided that would justify the extension. Formal complaints received by other university officials must be submitted to the affirmative action officer for investigation.

10.3 Authorized University Officials

10.3.1 An aggrieved faculty member should report to the provost or the offender’s supervisor.

10.3.2 An aggrieved administrator, staff, or student employee should report to his/her immediate supervisor, supervisor of the offender, or the supervisor’s supervisor.

10.3.3 An aggrieved individual may report to any individual listed in this section. For example, an aggrieved student may report to the vice president for student affairs, provost, offender’s supervisor, supervisor’s supervisor or affirmative action officer.

10.3.4 The affirmative action officer is an alternative for any of the above reporting points.

10.4 Student filing a complaint against a student - An aggrieved student who wishes to file a complaint for unlawful discrimination or harassment by another student should report to the vice president for student affairs or the Title IX coordinator.

10.5 State and federal offices which receive discrimination and harassment complaints are:

10.5.1 Ohio Civil Rights Commission (OCRC), Regional Office, Holiday Office Park 801B West 8th St., 2nd Floor, Cincinnati, OH 45203, 513.852.3344; Central Office, 1111 E. Broad Street, Suite 301, Columbus, Ohio 43205, 614.466.2785 or 888.278.7101.

10.5.2 Equal Employment Opportunity Commission (EEOC), Tower City Skylight Office Tower, Suite 850, 1660 West Second Street, Cleveland, OH 44113-1454, 800.669.4000
11.0 Investigation of a Formal Complaint

11.1 The affirmative action officer or a designee of the president is responsible for conducting an investigation of a formal complaint. These investigation results will be reviewed with three members of the advisory panel selected by the investigating official from the constituent representatives (see section 12.0). The three advisory panel members may accept the initial investigation results, recommend the investigator explore additional facts, or conduct an independent investigation.

11.2 The affirmative action officer or the University president may refer an investigation to the full advisory panel. In such case that the full advisory panel is involved in the initial investigation and if a request for review is received from either party, a temporary full advisory panel will be constituted in accordance with section 12.0 for the sole purpose of conducting such review.

11.3 Written notice will be given promptly to the parties (complainant and alleged offender) when an investigation has been initiated.

11.4 Every effort will be made to timely conclude both the initial investigation and the advisory panel recommended actions within 60 calendar days of the filing of a formal complaint. A report listing the findings of facts will be prepared and referred to the appropriate administrative official with the authority to take action (e.g. divisional vice president, provost, president, etc.) if required. Should additional time be needed to assure a thorough investigation, the investigating official may request an extension from the president.

11.5 Every possible effort will be made to keep an investigation confidential and to protect the privacy of all individuals involved to the extent permitted under Ohio law. Information concerning the investigation will be shared with others on a "need to know" basis only.

11.6 In some instances and if deemed necessary by the investigating official, the University may place the accused on paid leave pending the results of an investigation. The purpose of the leave is to protect all parties and is not an indication of guilt.

11.7 When the alleged harassment takes place in an instructional setting and the alleged harasser believes the allegation involves actions protected by academic freedom, the investigating official shall request the University Faculty Senate (UFS) and Shawnee Education Association (SEA) presidents to designate faculty representatives for consultation purposes. The UFS president and the SEA president may designate the same faculty member or two different faculty members in which case both designees will serve as faculty consultants. In the event that the faculty consultant(s) do not agree with the determination of the investigating official, the faculty consultant(s) may file a dissenting report that will be included with the investigating official's final report. The intent is to provide the investigating official with consultative support so that due regard for academic freedom is maintained during the course of the investigation.

11.8 In an effort to protect or preserve the integrity of electronic or hard copy records during the course of an open investigation, the investigating official will restrict access to such records. This action must be in compliance with applicable university policies and federal/state laws.

12.0 Advisory Panel

12.1 The advisory panel will include two (2) faculty members, two (2) administrators, two (2) support staff and one (1) Administrative Technical Support Staff (ATSS), selected via the constituent governance process. If a student is involved, a student member will be identified through consultation with the student government association. Membership, except for the student, will be for staggered three-year terms in order to permit training and to allow continuity of experience.
12.2 The advisory panel is strictly advisory in nature. Its purpose is to assure that independent and impartial review of the allegations has occurred.

12.3 Any advisory panel member who has direct involvement in a complaint or matter under review should self identify and will be excused from an investigation review or appeal. Members are expected to maintain the strictest confidence in all matters concerning investigations and proceedings.

13.0 Investigation Review

13.1 Within 14 workdays of receiving the final investigation results, the complainant or the accused may submit a written request for a review of the investigation results to the investigating official.

13.2 Within 14 workdays of receiving the review request, members of the advisory panel who did not participate in the initial investigation will convene for the purpose of reviewing the final investigation results.

13.3 Within 30 working days from the date convened, the advisory panel will submit a written report of the review of the investigation to the University President. The advisory panel's report will be given consideration by the appropriate administrative official when considering possible action(s).

13.4 The advisory panel's role is to review the procedures of the investigation for fairness and to determine if the findings of facts are supported by substantial evidence. The advisory panel does not decide or recommend disciplinary action. If discipline is required, the appropriate administrative official will be responsible for its implementation.

14.0 Discipline

14.1 Any disciplinary action resulting from a violation of this policy will be proportionate to the seriousness of the offense and will be designed to eliminate the unlawful discrimination or harassment.

14.2 Any supervisor who fails to report a complaint of possible violation(s) of this policy may be subject to disciplinary action.

14.3 Any person found to have made false allegations of unlawful discrimination or harassment is subject to disciplinary action up to and including termination.

14.4 Disciplinary measure(s) imposed upon the accused shall not violate the provisions of the appropriate labor agreement(s) or administrative policy concerning non-bargaining unit appeals. These may be obtained by contacting the Human Resources Department.

15.0 Record Retention and Public Records

15.1 Upon the conclusion of a formal investigation, the final report and related documents will be retained in accordance with the University's records retention schedule. Release of copies of such documents shall be handled in accordance with ORC Chapter 149, Ohio Public Records Act and Board of Trustee policy 5.19, Requests for Access to/and Copies of Public Records.

Statement on Academic Rights and Responsibilities

Intellectual pluralism and academic freedom are central principles of American higher education. Recently, these issues have captured the attention of the media, political leaders and those in the academy. This is not the first time in the nation's history that these issues have become public controversies, but the current interest in intellectual discourse on campus suggests that the meaning of these terms, and the rights and responsibilities of individual members of the campus community, should be reiterated.

Without question, academic freedom and intellectual pluralism are complex topics with multiple dimensions that affect both students and faculty. Moreover, America's colleges and universities vary enormously, making it impossible to create a single definition or set of standards that will work equally well for all fields of academic study and all institutions in all circumstances. Individual campuses must give meaning and definition to these concepts within the context of disciplinary standards and institutional mission.

Despite the difficulty of prescribing a universal definition, we believe that there are some central, overarching principles that are widely shared within the academic community and deserve to be stated affirmatively as a basis for discussion of these issues on campuses and elsewhere.

➢ American higher education is characterized by a great diversity of institutions, each with its own mission and purpose. This diversity is a central feature and strength of our colleges and universities and must be valued and protected. The particular purpose of each school, as defined by the institution itself, should set the tone for the academic activities undertaken on campus.

➢ Colleges and universities should welcome intellectual pluralism and the free exchange of ideas. Such a commitment will inevitably encourage debate over complex and difficult issues about which individuals will disagree. Such discussions should be held in an environment characterized by openness, tolerance and civility.

➢ Academic decisions including grades should be based solely on considerations that are intellectually relevant to the subject matter under consideration. Neither students nor faculty should be disadvantaged or evaluated on the basis of their political opinions. Any
member of the campus community who believes he or she has been treated unfairly on academic matters must have access to a clear institutional process by which his or her grievance can be addressed.

> The validity of academic ideas, theories, arguments and views should be measured against the intellectual standards of relevant academic and professional disciplines. Application of these intellectual standards does not mean that all ideas have equal merit. The responsibility to judge the merits of competing academic ideas rests with colleges and universities and is determined by reference to the standards of the academic profession as established by the community of scholars at each institution.

> Government’s recognition and respect for the independence of colleges and universities is essential for academic and intellectual excellence. Because colleges and universities have great discretion and autonomy over academic affairs, they have a particular obligation to ensure that academic freedom is protected for all members of the campus community and that academic decisions are based on intellectual standards consistent with the mission of each institution.

2.2 Disabled veteran is defined as a person who either:

2.2.1 was discharged or released from active duty for a disability which was incurred or aggravated in the line of duty, or

2.2.2 was entitled to disability compensation under laws administered by the Veterans Administration for disability rated at 30 percent or more, and

2.2.3 who is capable of performing a particular job, with reasonable accommodation to his/her disability.
2.3 Veteran of the Vietnam era is defined as a person who:

2.3.1 served on active duty for a period of more than 180 days, any part of which occurred between August 5, 1964 and May 7, 1975 and was discharged or released therefrom with other than a dishonorable discharge, or

2.3.2 was discharged or released from active duty for a service-connected disability if any part of such active duty was performed between August 5, 1964 and May 7, 1975.

3.0 AFFIRMATIVE ACTION

In order to insure compliance, the following steps shall be taken by the University:

3.1 Maintain records of past and current activities in employing and advancing disabled veterans and veterans of the Vietnam era. Maintain records of applicants and employees who have identified themselves as disabled veterans or veterans of the Vietnam era and who wish to be covered by the Affirmative Action Program.

3.2 Review all personnel practices to determine and eliminate any barriers to employment and promotion which are not job-related.

3.3 Review, at the time job openings are filled, all physical and mental job qualifications to insure job-relatedness, consistency with business necessity, and the safe performance of the job.

3.4 Attract, through positive steps, qualified disabled and Vietnam era veterans not currently in the work force who have requisite skills and can be recruited through affirmative action measures. Such action to include: posting of all notices prescribed by the Department of Labor regarding employment of disabled veterans and veterans of the Vietnam era; sending written notification to all applicant referral sources, including the local state employment service, that the University does not discriminate against disabled veterans and veterans of the Vietnam era and seeks the referral of such qualified persons.

3.5 Establish relationships with appropriate rehabilitation agencies or facilities in the employing area able to furnish advice, technical assistance and applicants for employment.

-------------------------------------------
University Policies and Procedures Manual
3.6 **Invite** employees and applicants for employment who are covered by the Vietnam Era Veterans Readjustment Assistance Act of 1974 (Section 402) to identify themselves. Publish articles annually in the University newsletter to make employees aware that voluntary disclosure forms are available. In addition, distribute voluntary disclosure forms along with applications for employment to all applicants.

3.7 **List** all employment openings for jobs paying less than $25,000 per year with the local state employment service. Such listing will not apply to openings which the University proposes to fill from within.

3.8 **Consider**, when determining the qualifications of a disabled or Vietnam era veteran, only that portion of the military record and discharge papers relevant to the specific qualifications for which the veteran is being considered.

3.9 **Accommodate** qualified disabled veterans and/or handicapped individuals as hired or promoted, provided the cost of such accommodation is not an undue hardship to the University.

3.10 **Ensure** the compensation offered will not be reduced because of any disability income, pension or other related benefit the applicant or employee receives from another source.

3.11 **Inform** all employees and applicants for employment of the requirements of Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974 and the University's responsibility to take affirmative action in employing disabled veterans and veterans of the Vietnam era.

3.12 **Include** the affirmative action clause in applicable subcontracts and send written notification of the University policy to subcontractors, vendors, and suppliers.

3.13 **Establish** procedures internally for processing complaints by employees of alleged discrimination because of their status as disabled veterans and/or Vietnam era veterans. The Affirmative Action Coordinator will be responsible for investigating any internal complaints alleging discrimination.

3.14 **Submit** the Affirmative Action Program and summary reports where and when required to the Assistant Secretary of Labor and update such Program as required.
3.15 Review with all management personnel the Affirmative Action Program for Disabled Veterans and Veterans of the Vietnam Era and the action required to implement it. In addition, keep management informed of the latest developments regarding veterans.

3.16 Meet with union officials to inform them of the University’s policy, and request their cooperation.

3.17 Include non-discrimination clauses in all union agreements, and review all contractual provisions to insure they are non-discriminatory.

4.0 REPORTING

The University will comply in all respects with all applicable regulations of the Office of Federal Contract Compliance (OFCCP) of the United States Department of Labor. Those regulations are available in the office of the Director of Personnel/Affirmative Action, and a listing of the pertinent regulations will be posted conspicuously at various locations on campus.

5.0 COMPLAINTS

Any employee or applicant for employment who has reason to believe that he or she has suffered discrimination on the basis of status as a disabled veteran or veteran of the Vietnam era may file a written complaint to such effect with the Affirmative Action Coordinator. The University will comply with requirements of 41 CFR Ch. 60, par. 60-250.26 in its investigation of such complaint and will insure the appropriate remedy is implemented as required by law. Records of such remedy will be maintained by the University. The privacy and dignity of individuals shall be protected in all record keeping and reporting of actions taken as required by law and in all activities connected with the implementation of this policy.
