Information Items

Ms. Bob Trusz, Vice President for Student Affairs, reported on the Annual Open House. The number of prospective students that attended was comparable to last year. He said a major change this year was to move the open house to a Saturday rather than the traditional President’s Day holiday. This change allowed for better space utilization of the campus.

Mr. Zach Burton, President of the Student Government Association, reported on the activities of the SGA. He reported that the SGA had 50 student clubs approved this year and each club was awarded $150.00 in funding, which is up from recent years. They have three projects in progress: a spirit rock on campus, improving the library and gym hours available to students, and working on arranging a 24-hour study area. The Student Government is also collaborating with facilities to help beautify the campus, and with the Provost on improving faculty advising. They are also looking into improving student relations with the Bursar’s office, and improving or changing the campus smoking policy.

Dr. Leeann Denning, Acting Chair of the Department of Nursing, gave an update on the recent Nursing Accreditation visit. The Nursing Department is overseen by two regulatory groups for accreditation. The department recently underwent a review and received eight years of full board approval. Dr. Denning expressed great appreciation for the support received from all areas of campus personnel. She also said that SOMC was very supportive of this endeavor.

Education

Dr. Alan Walker, Interim Provost and Vice President for Academic Affairs, presented a working draft of the new executive dashboard for Academic Affairs. The dashboard graphically displays critical information regarding the status of key indicators and its progress toward achieving strategic goals. With many of the indicators, the University is moving in the right direction and at the top of the chart. He said this is a good tool for guiding Academic Affairs in its decision-making.

Dr. Becky Thiel, Acting Associate Provost, reported on the Collegiate Learning Assessment and how it ties into the dashboard. She said incoming freshmen will be measured, as well as graduating seniors, on a variety of skill sets. The goal is to test 100 graduating seniors this spring. She said SSU will receive an institutional report and the student will receive a report for their personal use. The University can use this information to compare to approximately 400 other institutions that use this assessment.

FY15 Budget Status and FY16 Budget Planning Update

FY15 budget status:

For the reporting period, the general fund budget status is as expected with about 85% of revenue received; expenditures are at approximately 68% of budget which is consistent with the timing of the fiscal year.

FY16 Budget Planning:

The FY16 budget planning process continues with a number of activities completed to date:

- During the month of February, department budget managers responded to the impact of three potential scenarios that included reductions of 2%, 5% and 10% as well as identified new needs and possible revenue ideas.

- These scenarios underwent a comprehensive review by the Resource Committee (63 separate units). A summary report and compilation of the Resource Committee’s collective response was submitted to the President on March 6. This feedback will be considered in the President’s Budget Team’s development of the FY16 budget to be presented to the Board at the May meeting.

Review of Fines and Cost Recovery Charges

Dr. Burke reported on the changes made to the 2015-16 Fines and Cost Recovery Charges that resulted from a review with the applicable department managers. There were minimal changes to the schedule.

The Office of Admission moved the program this year to a Saturday in an attempt to relieve issues related to weather and space. With our recent years’ attendance, we have been unable to secure classrooms/labs/lecture halls to hold our academic sessions.

We provided all in attendance academic sessions, campus tours, housing tours and the opportunity to speak with our Financial Aid & Athletic Offices.

There were 30 students who canceled their attendance due to concerns about weather and rescheduled sporting events as a result of the weather over the week of President’s Day.

While the attendance at the event was lower than hoped for, the Open House programs remain a vital part of our recruitment strategy. We routinely see a higher yield of matriculated students from our Open House attendees.

After the first year of employment and thereafter sick leave will accrue at a pro-rated amount each pay period for a maximum of 120 hours per year. 8.5 The President agrees to vacate the President’s Residence within fourteen (14) days of the completion of this Agreement or another mutually agreed upon date with the Board Chairperson.

9.0 **Automobile.**

9.1 The University shall provide the President an automobile for the President’s business and personal use. Such automobile shall be purchased from an Ohio dealership located within fifty miles of the University. The President’s spouse may also drive or otherwise use the automobile. All expenses related to the operation of the vehicle, including insurance coverage for both the President and the President’s spouse, will be the responsibility of the University. All mileage for personal use shall be logged for income tax purposes and reported monthly to the Director of Human Resources. The University shall, in accordance with applicable Internal Revenue Code provisions, include in the President’s compensation for income tax purposes only the value attributable to the President’s non-business use of the automobile.

10.0 **Professional Dues and Meetings.**

10.1 The University will provide and pay for the President’s professional dues for appropriate national professional organizations and such other professional associations that would further the interests of the University. The University shall also pay for the reasonable expenses incurred by the President to attend or participate in educational conferences, conventions, courses, seminars and other similar professional growth activities.
10.2 The University shall pay the President’s and spouse’s reasonable travel expenses, accommodations, and other necessary and proper expenses when the presence of the President’s spouse is reasonably appropriate or necessary to further the interests of the University. This provision shall be liberally construed to encourage the participation of the President’s spouse.

11.0 **Membership in Service Organizations.**

11.1 The President will be provided with membership in at least one service organization, such as Rotary, that would further the interests of the University. The President will also have access to a club membership, located in Columbus, that would further the University’s interest, which would either be in the name of the University’s foundation or the University. The President will be responsible for any expenses not related to University business.

12.0 **Faculty Appointment.**

12.1 The President shall hold the rank of Professor of Social Sciences.

13.0 **Working Facilities and Resources.**

13.1 The President shall be furnished with a private office, secretarial assistance, an entertainment budget and other resources that are necessary and reasonable for the operation of the President’s Office, the University’s Presidential Residence, and the University’s development objectives. Resources shall include a mobile phone and other appropriate technology equipment and assistance to fulfill the duties as President. Such furnishings and equipment shall remain the property of the University.

14.0 **Termination and Liquidated Damages.**

14.1 **Termination by the Board for Cause.** The Board may terminate the President’s employment and this Agreement at any time for “Cause” without further liability under this Agreement, except for any earned but
unpaid wages or vested benefits. In the event of termination for Cause, the President and his family shall vacate the housing provided in Section 8 of this Agreement no longer than thirty (30) days following the effective date of the President’s termination (Board action date to terminate.) “Cause” shall mean any of the following:

14.1.1 Any conduct of the President that constitutes moral turpitude, or that would tend to bring public disrespect, contempt, or ridicule upon the University;

14.1.2 A material violation by the President of any law, policy, procedure, rule or by-law of the University, or local, state or federal law, which, in the reasonable judgment of the Board, reflects adversely upon the University;

14.1.3 The President’s prolonged absence from work without the Board’s consent, except such absence is attributable to illness or disability;

14.1.4 Misappropriation of University funds or University Development Foundation funds;

14.1.5 A conviction or guilty or no contest plea to a felony; and

14.1.6 Any other material violation or neglect by the President of the duties, terms and conditions set forth in this Agreement, or refusal to perform such duties in good faith and to the best of the President’s abilities, any of which are not remedied after thirty (30) days written notice to the President.

14.2 Termination by the Board without Cause. The parties agree that the Board, by formal vote, may terminate this Agreement prior to its normal expiration, without cause, as follows:

14.2.1 Regardless of any other provision of this Agreement, this Agreement shall terminate automatically, without further liability of the Board except for applicable medical, insurance and vested benefits provided in this Agreement, if the President dies.

14.2.2 Notwithstanding any reasonable accommodation that the Board may provide the President, if as a result of the President’s disability or incapacitation, the Board reasonably deems the
President incapable of performing the essential functions of his employment as President, the Board reserves the right to terminate this Agreement.

14.2.3 If the President dies or becomes incapable of carrying out the duties of office due to permanent disability and is terminated, the Board shall be liable to the President or the President’s personal representative for any accrued but unpaid compensation together with any other compensation and benefits that would be due and payable to the President by reason of death or disability during University employment.

14.2.4 In the event of termination without cause, the President and his family shall vacate the housing described in Section 8 of this Agreement no later than thirty (30) days following the effective date of the President’s termination (action date of the Board to terminate.)

14.3 Liquidated Damages.

14.3.1 If the Board terminates this Agreement without cause under Section 14.2.4 of this Agreement, the President’s employment obligations shall cease and the Board shall pay the President, as liquidated damages, as follows: base salary as President as in effect at the time of termination for the lesser of (a) six (6) months following the termination date, or (b) the remaining term of this Agreement. The President shall be entitled to continue to participate in the University’s health insurance plan under the Consolidated Omnibus Reconciliation Act (COBRA) at 102% of the full cost of the University’s health plan at the President’s expense. The President will not be entitled to any other benefits except as otherwise provided or required by applicable law.

14.3.2 In no case shall the University be liable for the loss of any collateral business opportunities or any other benefits, perquisites, or income from any sources that may ensue as a result of the Board’s termination of this Agreement without
cause. The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that termination of this Agreement by the Board without cause prior to the natural end Term date may cause loss to the President, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by the Board and acceptance thereof by the President shall constitute adequate and reasonable compensation to the President for the damages and injury suffered.

14.4 Termination by President. The President may terminate this Agreement and his employment as President at any time by the President delivering to the Board One Hundred Twenty (120) days advance written notice of such termination. Upon termination by the President of this Agreement, any further obligations of the Board to the President under this Agreement shall cease and in no event shall the University be liable for the loss of any benefits, perquisites, or income from any other sources as a result of such termination.

15.0 Tax Liability and Advice.

15.1 The President shall be responsible for any federal, state or local income tax liability incurred as a result of payments made as compensation or benefits provided to the President pursuant to this Agreement.

15.2 The President acknowledges and agrees that it is the President’s responsibility to seek advice from the President’s personal tax, legal and financial advisors with respect to each and every term of the Agreement. Neither the University, nor any trustee, employee nor agent of the University makes any guarantee of any tax consequences with respect to any provision of this Agreement.

16.0 Entire Agreement; Modification.

16.1 The parties acknowledge and agree that this document contains the entire Agreement of the President and the Board.
16.2 This Agreement may be changed or modified by the parties only in writing signed by the President and the Chairperson of the Board with formal Board approval.

17.0 Severability.

17.1 The provisions of this Agreement are severable and independent, and if any such provision shall be determined to be unenforceable in whole or in part, the remaining provisions and any partially enforceable provision shall, to the extent enforceable in any jurisdiction, nevertheless be binding and enforceable.

18.0 Governing Law and Forum.

18.1 This Agreement shall be interpreted and construed in accordance with the laws of the State of Ohio. Claims arising under this Agreement or relating to the employment relationship between the parties shall be filed in the Ohio Court of Claims. If the Ohio Court of claims does not have jurisdiction over the subject matter of the dispute, venue shall lie in the appropriate state common pleas or federal district court that covers or includes Scioto County, Ohio.

19.0 Waiver.

19.1 No delay or failure to enforce any provision of this Agreement shall constitute a waiver or limitation of rights enforceable under this Agreement.

20.0 Adequacy of Funds and O.R.C. 3345.77 Requirement.

20.1 Payment of salary and other compensation under this Contract is subject to the appropriation of funds by the Ohio General Assembly. However, it is the understanding of the parties that funding for the University includes other sources other than appropriations by the State of Ohio. It is not the intention of the Board to use any reduction in appropriations as a reason to reduce the salary of the President if other funds are available for such
purpose. The parties further understand that this Contract is subject to Ohio Revised Code Section 3345.77.

IN WITNESS WHEREOF, this Agreement is executed to be effective as of the date first set forth above.

UFS Comments on BOT Presidential Search Policy
13 March 2015

My name is Dr. Andrew Feight; I am an Associate Professor of History in the Social Sciences Department, but I am here in my role as President of the University Faculty Senate and, as such, I wish to speak on behalf of my colleagues, the faculty of Shawnee State.

I wish to say a few words about the Board Policy on Presidential Searches and Selection, which the Board just voted to rescind.

Let me begin by saying that the faculty are happy with the results of the recent presidential search, that we are excited about working with Dr. Kurtz, and that we expect only good things to come from his presidency. But, that being said, we have also been disappointed by the role the Board granted faculty in the process.

We were not consulted when the presidential search policy was changed last May, and changed in such a manner that faculty would no longer be included on the search committee. And, we were not consulted about today’s resolution rescinding the search policy.

We believe the policy should have been retained and revised. We believe that the old policy should be amended to reflect past practice, which was to include faculty on the search committee proper.

We understand that presidential searches, as explained in the resolution, involve “legal considerations, which continuously evolve, and, as such, appropriate flexibility is needed in order to conduct a successful search.” We understand that. Yet, we think a search policy can be written in a way that allows for such flexibility.

We also do not agree with the resolution’s assertion that because “the Ohio Revised Code does not require a Board policy for a university presidential search,” such a policy “is unnecessary.” Logically, this is no reason to eliminate a Board policy. There are many Board policies that are not required by state law, but are important for the smooth functioning of the university, that are important for maintaining good relations with our students, faculty, staff, and our larger community.

In short, there are many reasons to have a policy on presidential searches and selection. But, most importantly, having a standing policy in place helps ensure that the search process is transparent, so that members of the university community understand what role they will play in such an important decision and thereby avoid unnecessary anxiety and discontent.

We hope that the Board will work with the Faculty Senate to build a more cooperative relationship. Regular consultation with the faculty leadership is in keeping with best practices in higher education and we believe it would go a long way to improving campus relations. We — that is the faculty and the board, everyone in this room — are all committed to what is best for our students and what is best for the institution. It is my hope that we can move forward from the common ground we have in the decision to make Dr. Kurtz our next President.
