3.1 The following University officials have authority to order individuals to immediately leave or be removed from University property and to prohibit their return until further notice:

- President of the University
- Any University police officer
- Any Vice President

4.0 PROCESS FOR BANNING INDIVIDUALS

4.1 An authorized University official may give a verbal ban notice when deemed appropriate by that official. A written ban will be issued as soon as practicable after the verbal notice, which will normally be within three business days. The process for issuing a written ban is dependent upon the status of the individual as follows:

4.1.1 **Students**

Students may be banned from any University property as a disciplinary measure or when placed on emergency suspension, in accordance with the Student Conduct Code process. Written notification will identify the time period of the ban and prohibited University areas and will be issued by the Dean of Students or other University official identified in the Student Conduct Code for this type of action.

4.1.2 **Employees**

Employees may, if the circumstances are deemed appropriate, be banned from any University property when placed on administrative leave, or when suspended or terminated from employment with the University. All employees will be notified in writing by the responsible University official.
4.1.2.1 Faculty determinations will be made by the Provost.

4.1.2.2 Determinations for other employees will be made by the Vice President for Finance and Administration.

4.1.3 Vendors and other Visitors

4.1.3.1 A written notice from the Director of Public Safety will be promptly sent to the banned individual, when possible. The written notice will include the following information: reasons or circumstance(s) for the ban; identification of university buildings, or campus area the individual is prohibited from entering; dates or duration of the ban; process for seeking review of the ban determination.

4.1.3.2 Visitors banned from campus are not entitled to a hearing but may, within five business days of the written notification, submit a request in writing [to the Vice President for Finance and Administration (VPFA)] for a review of the decision. The request must include reasons to support a reversal. Notice of the VPFA’s decision will be provided within 30 days of receipt of the request and will be considered final.

4.2 An individual who violates the terms of a ban notice, whether verbal or in writing, is subject to arrest and prosecution for criminal trespassing.

5.0 SCOPE AND LENGTH OF BAN

5.1 An individual may be banned from the entire University, including leased or managed property, as deemed appropriate by an authorized University official.

5.2 A typical ban period is six months or a semester, one year or indefinite period of time. The length of time of a ban should be commensurate with the gravity and nature of the offense. The following factors may be considered: age of the offender and whether the individual is a repeat offender or a convicted felon.

6.0 RECORDS AND LOG OF BANNED INDIVIDUALS
6.1 A copy of all written notifications to ban students, employees, vendors and other visitors will be maintained in the Department of Public Safety (DPS). The DPS will also be responsible for maintaining a log of all banned individuals that will identify the duration and prohibited University areas of each banned individual.
