## On-Campus Dining

The Fall of 2009 will feature the grand opening of new, state-of-the-art dining facilities. Located on the first floor of the University Center, the Bears' Den provides SSU students and employees the opportunity to have fresh, trendy, nutritionally sound meals in a community atmosphere. Our dining service features an appetizing menu that changes from day to day.

One of the new features in the Bears' Den is our stone pizza oven which features 2 favorites and 1 specialty pizza daily. There is also a 38 item salad bar with all of your favorite toppings and a deli station where you can have your sub toasted to perfection. The new Den features a grill station where charbroiled hamburgers and warm crispy fries are freshly prepared. For those days when it is chilly outside or you're just in the mood, we have a soup and bread station with 2 soup choices and a variety of fresh homemade breads. The hot entree line offers a selection of home cooked delights, along with a rotisserie oven and carving station. Still hungry? Check out the expedition station where one of our culinary experts will prepare your dish as you watch.
